**Item 1.01. Entry into a Material Definitive Agreement.**

On June 9, 2013, a subsidiary of Kosmos Energy Ltd. (the “**Company**”) executed a deepwater drilling rig agreement with a subsidiary of Atwood Oceanics, Inc. for a new build, 6<sup>th</sup> generation, ultra-deepwater, dynamically positioned drillship. The drillship is scheduled for completion in June of 2014 and is expected to commence drilling operations during the second half of 2014. The signed agreement covers an initial term of three years at a day rate of approximately \$595,000, with an option to extend the agreement for an additional three-year term at day rates to be mutually agreed. The agreement requires the Company to pay certain in-country tax reimbursements, rate escalations and certain operating personnel expenses, in each case to the extent applicable. The agreement further requires the Company to pay mobilization and demobilization fees, as well as additional fees for certain remobilizations of the drillship.

On June 10, 2013, the Company issued a news release announcing the execution of the agreement. A copy of the news release issued by the Company is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

**Item 9.01 Financial Statements and Exhibits.**

- (d)     Exhibits.       The following exhibit is furnished as part of this current report on Form 8-K:
- 99.1            News Release dated June 10, 2013 announcing the execution of the rig agreement.

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, as amended, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Date: June 11, 2013

KOSMOS ENERGY LTD.

<b>Exhibit No.</b>	<b>Description</b>
99.1	News Release dated June 10, 2013 announcing the execution of the rig agreement.

**NEWS RELEASE****KOSMOS ENERGY ANNOUNCES RIG CONTRACT FOR EXPLORATION PROGRAM**

**DALLAS, Texas, June 10, 2013** — Kosmos Energy Ltd. (“Kosmos”) (NYSE: KOS) announced today that it has signed a long-term rig agreement with a subsidiary of Atwood Oceanics, Inc. (NYSE: ATW) for the new build drillship Atwood Achiever. Currently under construction in South Korea, the rig is scheduled for completion in June of 2014 and expected to commence drilling operations in the second half of 2014. The signed agreement covers an initial period of three years at a day rate of approximately \$595,000, with an option to extend the contract for an additional three-year term. Within the initial committed period, the Company plans to utilize the rig term on its multi-year, high-impact exploration portfolio, while also allocating a portion of the rig term to one or more E & P operators.

The Atwood Achiever is a 6<sup>th</sup> generation ultra-deepwater, dynamically positioned drillship with enhanced offline capabilities and two BOP systems. The rig’s capabilities include drilling to total depths of up to 40,000 feet, and in water depths of up to 12,000 feet.

In addition to the Atwood Achiever rig, Kosmos is actively pursuing additional rig capacity for exploration drilling in the first quarter of 2014. Kosmos anticipates utilizing the added rig capacity to drill the Company’s initial exploration well offshore Morocco.

Darrell McKenna, Chief Operating Officer, commented, “We are pleased to have executed the rig contract with Atwood, which builds on our strong previous working relationship, and ensures a highly capable and efficient rig to execute on our transformational exploration program. Despite a tightening rig market, we have been able to secure the long-term rig resources needed to support our drilling plans. In addition, we are closing in on a rig of opportunity that combined, will allow for multiple petroleum system tests for Kosmos in 2014 and beyond.”

**About Kosmos Energy**

Kosmos Energy is a leading independent oil and gas exploration and production company focused on frontier and emerging areas along the Atlantic Margin. The Company’s asset portfolio includes existing production and other major project developments offshore Ghana, as well as exploration licenses with significant hydrocarbon potential offshore Ireland, Mauritania, Morocco and Suriname and onshore Cameroon. Kosmos is listed on the New York Stock Exchange and is traded under the ticker symbol KOS. For additional information, visit [www.kosmosenergy.com](http://www.kosmosenergy.com).
